## **Acknowledgment**

**The Palestinian Central Bureau of Statistics (PCBS) extends its deep appreciations to all those who contributed to bring this book out into the light.**

**Salfit Governorate Statistical Yearbook No. 3. has been prepared by a technical team from (PCBS) and with a joint financial support of the Palestinian National Authority (PNA) and the core Funding Group (CFG) for the year 2011 represented by the Representative Office of Norway to PNA and the Swiss Development and Cooperation Agency (SDC).**

**Moreover, PCBS very much appreciates the distinctive efforts of the Core Funding Group (CFG) for their valuable contribution for funding the preparation of this book.**

## **Preface**

PCBS has sought, since it was established, to build a system of national official statistics based on the needs of the Palestinian society and in line with international recommendations as prerequisite for full membership in the international statistical community. PCBS has adopted the principle of progression within the Palestinian priorities of the current phase as basis for advancing towards completing the statistical system. PCBS has accomplished many statistical activities using primary sources including censuses, field surveys, as well as compiling statistics from secondary sources such as the administrative records, through cooperation with institutions in the public and private sectors.

We are pleased to present Salfit Governorate Statistical Yearbook (3) to provide continuous time series that allow reviewing the general directions in the different areas through a comprehensive statistical reference that covers most population, social, economic, and geographic areas.

This book is one of the most important and comprehensive official statistical references about Salfit governorate. It provides official statistics about the different areas of life in the governorate.

We hope that this publication would contribute in bridging the information gap to serve the development process, planning and decision making based on professional and scientific basis at the national and governorate level.

**August, 2011**

**Ola Awad  
President of PCBS**

## Note

**Please note that the statistics presented in this book are derived from various primary and secondary sources, which are not fully consistent in the reference time, concepts or methodology. Therefore, it is recommended to take this note into consideration while using these statistics.**

Special symbol (-) was used in the tables of this book to refer to not exist data.
