Remarks for Questionnaire Completion

- A separate questionnaire is completed for each establishment included in the sample regardless of whether it keeps records or not.
- A separate questionnaire is completed for each economic activity within the establishment, provided its inputs, workers, wages, new fixed assets are separable, i.e. constitutes a branch.
- A single questionnaire is completed for the establishment if the branches keep no records. However, if the branches keep separate records and practice activities similar or different from those practiced in the main center, then its questionnaire undergoes completion in coordination with the main center.

Enterprise (Project): Economic entity capable of possessing assets and liabilities; practicing economic activities and conducting transactions with other parties.

Workers: They are of two categories:

- Unpaid enterprise owners or family members.
- Paid workers whether they are permanent, temporary or working for establishment.

Excluded are trainees, those in paid vacations and members of board of directors.

Establishment: An enterprise or a branch producing a single group of goods (with the possibility of having ancillary production activities), provided enough data are available for calculating operation surplus. Dividing the establishment into various establishments aims to creating more homogeneous statistical units from production viewpoint.

Wages and Salaries in Cash: All wages given to employees during the survey year in addition to allowances, rewards, overtime, the thirteenth and fourteenth month salaries before applying any deductions, e.g. insurance, tax...etc.

Ownership: It is determined when the majority of capital (51% and more) is:

1. Private national
2. Private foreign
3. Government corp.
4. Foreign government corp.
