

Index of Quantity of Industrial Production in Palestinian Territory, June 2011

The overall Quantity of Industrial Production Index (IPI) in the Palestinian Territory as of its base month reached 114.9 in June 2011 compared to the base month (January 2011=100). The IPI for June 2011 showed an increase by 7.0% compared to the previous month (May 2011).

The changes in the Quantity of Industrial Production Index for June 2011 traced back to changes in the quantity of the following main activities compared to the previous month:

Major Groups	%Change
Mining and quarrying (Relative Share = 4.6%)	+ 103.1%
Manufacturing (Relative Share = 80.6%)	+ 3.3%
Water Supply & Electricity (Relative Share = 14.8%)	+ 15.9%

Note: Relative share for the main industrial activities represents the percentage distribution of value added (VA) for the industrial institutions in 2009 in addition to the VA of olive presses.
