

## Index of Quantity of Industrial Production in Palestinian Territory, April 2011

The overall Quantity of Industrial Production Index (IPI) in the Palestinian Territory its base month (January 2011=100) reached 105.46 in April 2011. The IPI for April 2011 indicates a decrease by 0.63% compared to March 2011.

The decrease in the Quantity of Industrial Production Index for April is traced back to changes in the quantity of the following main activities compared to the previous month:

Major Groups	%Change
Mining and quarrying (Relative Share = 4.6%)	- 39.28%
Water Supply & Electricity (Relative Share = 14.9%)	- 5.49%
Manufacturing (Relative Share = 80.5%)	+ 2.01%

**Note:** Relative share for the main industrial activities represents the percentage distribution of value added (VA) for the industrial institutions in 2009 in addition to the VA of olive presses.
