<sup>1</sup> In parallel with this release, the annual data for 2023 will also be published on the websites of both institutions

## **The Government's External Debt stock stabilized at about 1.3 billion US dollars at the end of the second quarter of 2024**

The Gross External Debt on the Palestinian economic sectors reached USD 2,163 million increased by less than 1% compared with previous quarter. Debt on government sector represented 60%, while debt on the banking sector (deposits of non-residents in banks operating in Palestine) reached 36%, and debt on other sectors (non-bank financial corporations, non-financial corporations, NGOs and households sector) amounted to 3%, and the lending between affiliated companies reached 1%.

The International Investment Position (IIP) is an accounting sheet that records the investments stocks for the residents in Palestine (individuals, institutions and government) invested in the rest of the world (abroad) under the name of (assets), and compares them to the investments stocks owned by residents outside Palestine (individuals, institutions and government) invested in Palestine under the name of (liabilities).

The Balance of Payments Manual - fifth edition, issued by the International Monetary Fund in 1993, divides the assets and liabilities into direct investment (investment by 10% and more in the non-resident capital), and portfolio investment (investment less than 10% in the non-resident capital as well as investment in bonds), and other investments. It divides these other investments into stocks of trade credit, loans, currency and deposits and any other assets or liabilities), in addition to the Reserve Assets, i.e. Stocks held by the Central Banks/ Monetary Authorities to address the imbalances in the balance of payments, it is worth mentioning that the reserve assets are only included in the asset side.

The External Debt is an accounting sheet that records the debt stocks on Palestinian economic sectors due to non-residents. These include (loans from non-residents, deposits of non-residents deposited in the banks operating in Palestine, the Palestinian bonds purchased by non-residents, debt transactions between the non-resident enterprises and fellow enterprises in Palestine. They encompass as well any other liabilities on Palestinian economy) the data of external debt have been extracted from the liabilities side in the international investment position matrix (debt items). Preparing, classifying and publishing of the data are based on (External Debt Statistics Manual) issued by IMF in 2003, this manual is harmonized with the fifth edition of Balance of Payments Manual.
